

SUCCESS STORY

ENTREPRENEURIAL VIRTUAL CONFERENCE

TiE Delhi-NCR partners with MultiTV
for its Entrepreneurial Virtual
Conference

About the client:

TiE was founded in 1992 in Silicon Valley by a group of successful entrepreneurs, corporate executives, & senior professionals. The Delhi Chapter of TiE, one of the biggest and most vibrant of the TiE chapters, has a unique significance. It seeks to engage not only with entrepreneurs but also with policymakers to foster the spirit of entrepreneurship. It seeks to become the bridge that would connect the Indian government and industry with successful Indian entrepreneurs across the world, many of whom are regarded as thought leaders.

The Challenge

TiE Delhi – NCR wanted to conduct a fully online Resurgence, one of the largest conferences for entrepreneurs anywhere in the world & a platform for knowledge sharing, networking & mentorship for entrepreneurs globally. The summit had to be a high visibility platform where start-up entrepreneurs could showcase their ventures, meet investors, engage with government organizations, attend knowledge sessions, get mentoring, network with business experts, explore partnership opportunities, find potential customers & interact with all the stakeholders that could help them scale new heights.

- Live Broadcast of parallel speaker sessions
